Dennis—

Tnx...think your letter got swallowed in my migration....I think Bob sent you some comments...Bob and I talked briefly and were thinking we needed to have a catch up call and that it would be good to have your rollout/communication plan as the template and include this letter in that...does that make sense? If so do you want to work with Don Mattox to sked a call?...tnx...

Attached is the latest revision to the draft letter to NRCS Washington Director Roylene

February 26, 2013 Continued

Tuesday

Rides-at-the-Door. I have tried to shorten it some and have worked on the sentence near the end related to circumstances that might be occurring elsewhere. I believe it is important to keep some of the lengthier context and history in the letter because it will have multiple audiences. I fully expect it will be a public document shared by the NRCS with dairymen and others. It will also likely be the first point at which it becomes public that we have reached an agreement in principle with the Yakima dairies. Because of that, we should have a communication strategy in place for how this is released and have NRCS share in that along with our Washington State and dairy participants in all of this.

You, Jim O'Hara, Marianne Holsman and I should discuss how we plan to release this and the timing on that in relation to the announcement of the agreement with the dairies, which is now on target for a March 1 finalization.

Wednesday

9:30 AM - 10:00 AM

Information Update - Description has changed: Acting Administrator's Meeting with CEO's From the Fly Ash Recycling Industry -- ARN 3412

Kirk Benson of Headwaters, the country's largest recycler of fly ash.

Bob Spoerri of Beneficial Reuse Management, the most extensive recycler of fly ash for agricultural use (and also other applications)

Joel Rood of Calstar Products, a manufacturer of building products from recycled fly ash.

9:30 AM - 10:00 AM

Meet w/CEO's From the Fly Ash Recycling Industry -- 1200 Pennsylvania Avenue, NW, Room 3412 ARN
Mr. Perciasepe, I wanted to check and see if you might have time to meet with 3 CEO's from the fly ash recycling industry on February 27 preferably, or possibly the 26th or 28th. The two main topics of discussion they would like to address are: 1) working with the agency to promote its risk evaluation on encapsulated uses of fly ash, and 2) a few potential ideas on how to address the regulatory uncertainty that continues to hinder the recycling market.

The 3 CEOs are Kirk Benson of Headwaters, the country's largest recycler of fly

ash, Bob Spoerri of Beneficial Reuse Management, the most extensive recycler of fly ash for agricultural use (and also other applications), and Joel Rood of Calstar Products, a manufacturer of building products from recycled fly ash.

About a year ago you met briefly with Kirk Benson of Headwaters, and part of that discussion was the possibility of working with the agency to promote its risk evaluation for encapsulated uses. We understand that risk evaluation might be nearing completion, and assuming its conclusions are positive the industry would like to support the agency in promoting the report.

All 3 CEOs will be here the entire day of the 27th and are available to meet with you at any time that day. It is possible we could also get them here on the afternoon of the 26th, or possibly have them stay over to the 28th, if the 27th is not a good day. Just let us know if there might be a good time for you at any point in that window.

Thank you very much for your consideration.

11:00 AM - 11:45 AM

Rescheduled: Meet with Wayne Vallis and The Regulatory Improvement Council (RIC) and the Manufacturing Action Council (MAC) with the Acting Administrator (Feb 27 11:00 AM EST in Bullet Room) -- Bullet Room
"Issue – National Ambient Air Quality Program

We have several NAAQS implementation issues. We appreciate that OAR has been willing to work with an industry coalition to attempt to address some concerns. While that is an ongoing process, we are particularly concerned about a recent DC Circuit court decision on January 22, that found that EPA exceeded its authority when it provided flexibility by establishing a significant impact level (SIL) and significant monitoring concentration (SMC) for pollution from new facilities in situations when the impact of the new source is deemed to be minimal. This decision will likely disrupt ongoing PM 2.5 permitting activities. While it may take a new rulemaking to address the issue completely is it possible to provide interim guidance or is there another option under consideration so pending permitting activities can proceed?" Peter Pagano, American Iron and Steel Institute

When: Thursday, February 28, 2013 12:30 PM-1:30 PM (GMT-05:00) Eastern Time (US & Canada).
Where: Green Room--ARN 3rd floor

This meeting will now begin at 12:30 instead of 1:00. We apologize for any inconvenience and hope to see you then.

This meeting is in follow-up to the two All Employee Memos from Acting Administrator Bob Perciasepe that talked about the impact that an across the board budget cut (sequestration) would have on the EPA and other government agencies. This briefing will be an opportunity to discuss EPA's current plan regarding what we anticipate will be happening on March 1.

Please note that the **Office of Personnel Management** has developed an in-depth guide to serve as an on-line ready reference which you may access at www.opm.gov/furlough. Click on administrative furlough. There also will be an EPA Intranet site where additional information about the sequestration, including Frequently Asked Questions and Answers, will be available.

Wednesday

National Women's History Month. President Obama's 2013 National Women's History Month Proclamation, accessible at <http://www.whitehouse.gov/the-press-office/2013/02/28/presidential-proclamation-womens-history-month-2013>, celebrates the efforts of all women who have fought to make America "a country where no matter where you come from or what you look like, you can go as far as your talents will take you".

EPA Headquarters is pleased to join the Federal Triangle Partnership in hosting this year's National Women's History Month commemoration. In addition to the EPA, the Partnership includes the U.S. Department of Commerce, the U.S. Customs and Border Protection and the U.S. Agency for International Development. The program will be held on **Wednesday, March 27, 2013, from 10:00 a.m. - 11:00 a.m., in the auditorium of the U.S. Department of Commerce**. The auditorium is located at 1401 Constitution Avenue, NW, in Washington, DC, at the Federal Triangle Metro station on the blue/orange lines.

The national theme for this year's commemoration is: *Women Inspiring Innovation Through Imagination: Celebrating Women in Science, Technology, Engineering, and Mathematics*. EPA's own Vicki Simons, Acting Director of EPA's Office of Civil Rights, will serve as the Mistress of Ceremonies. The program also will feature Eva J. Pell, the Under Secretary for Science at the Smithsonian Institution, as the keynote speaker. Ms. Pell oversees a number of operations including, the operations of the National Museum of Natural History, the National Air and Space Museum and the Smithsonian Environmental Research Center in Edgewater, Maryland. She also has served on numerous panels and advisory boards for the EPA, the Department of Agriculture, the Department of Commerce and the National Science Foundation. Currently, she serves on the National Science and Technology Committee of Science as well as the Committee on Environment, Natural Resources and Sustainability.

I encourage all Headquarters employees to attend this commemoration to help celebrate the history and success of all women who have helped to advance equal opportunity in America. I also encourage all employees to support this National Women's History Month by participating in other activities throughout EPA and their communities. For more information on the March 27th program, please contact the staff Office of Diversity, Outreach and Collaboration at (b) [REDACTED]. Persons needing reasonable accommodations may call Senora Coggs, Office of Civil Rights, Department of Commerce at (b) (6) [REDACTED].

Water Transfers Rule -- ARN 3309 Conference Line: (b) (6) Code: (b) (6)

From: Srinivasan, Gautam

Sent: Monday, March 25, 2013 5:07 PM

The agency needs to decide this week whether we will seek Supreme Court review of a recent 11th Circuit decision regarding the Water Transfers Rule. We need to communicate our position (in writing) to DOJ by next week. We've had some preliminary discussions with Bob and Nancy, but at this point, we're feeling a meeting is the best way to close this out.

Subject: Released GAO Draft Report on IRIS Program-- "Chemical Assessments: An Agency-wide Strategy May Help EPA Address Unmet Needs for Integrated Risk Information System Assessments"

Importance: High

GAO has just released the attached draft report on their review of the EPA's IRIS program titled, *Chemical Assessments: An Agency-wide Strategy May Help EPA Address Unmet Needs for Integrated Risk Information System Assessments*.

There are three recommendations issued to the Agency. One out of the three recommendations is directed towards the Deputy Administrator and the EPA's Science Advisor. ORD's formal response to the report, which will need to be signed off by the Principal DAA, will be an addendum to GAO's final report. Our formal response is **due to GAO by April 9, 2013**.

GAO's Conclusions:

- "Without a clear understanding of current demand for IRIS toxicity assessments, EPA cannot determine the number of IRIS assessments required to meet the statutory, regulatory, and programmatic needs of IRIS users; or know the extent of unmet demand."
- "The IRIS Program's chemical nomination and selection process...may not accurately reflect current demand for IRIS toxicity assessments."
- "EPA has not implemented an agency-wide strategy...for identifying and filling data gaps...for nominated chemicals that were not selected for

Tuesday

assessment due to insufficient data.”

Recommendation directed toward the EPA Deputy Administrator and Science Advisor:

Once demand for the IRIS Program is determined, develop an agency-wide strategy that includes, at a minimum:

- Coordination across EPA offices and with other federal research agencies to help identify and fill data gaps that preclude the agency from conducting IRIS toxicity assessments, and
- Guidance that describes alternative sources of toxicity information and procedures for preparing toxicity assessments when IRIS values are not available, applicable, or current.

Subject: Transmittal of Draft Report for Agency Comments

March 26, 2013

The Honorable Bob Perciasepe

Acting Administrator, Environmental Protection Agency

Dear Mr. Perciasepe:

Attached is a copy of our proposed report entitled *EPA Chemical Assessments: An Agency-wide Strategy May Help EPA Address Unmet Needs for Integrated Risk Information System Assessments* (GAO-13-369). We are providing this draft for your review and comment before the report is issued. Our work was

April 2, 2013 Continued

done under engagement code (b) (6)

We would like to obtain the department's written or oral comments from you or your designated representative by April 9, 2013. These comments will be reflected in the final report. We prefer written comments and request that the written comments be provided electronically. However, we will accept comments provided in hard copy, orally, or in an unsigned e-mail message. Please direct all comments and any questions you may have concerning this draft to Diane LoFaro, Assistant Director, at (404) 679-1986 (or (b) (6))

This draft has not been fully reviewed within GAO, is subject to change, and must be safeguarded to prevent its improper disclosure. Please do not show or release its contents for any purpose. All drafts remain the property of GAO. Upon request, all electronic copies of drafts must be destroyed and any hard copies of drafts must be returned. We appreciate your cooperation in this matter.

Sincerely yours,

[signed]

POC: Robin Kime

Robin,

On behalf of EEI and several companies, I would like to request a meeting with Michael Goo and others on his team to discuss the major issues involving the proposed 316b, cooling water intake structure rule. Several CEO's and leadership with EEI are scheduled to meet with Acting Administrator Perciasepe on April 15 at 3:00 pm. Staff

April 11, 2013 Continued

Thursday

for these companies would like to discuss some of the issues in advance of the meeting on the 15th. Companies who usually participate are NextEra, PSEG, PGE, Exelon and Dominion.

Since a few have to fly into town for the meeting, we are hoping something could be scheduled for Thursday afternoon or Friday this week. Let me know if you have any questions.

Thanks,

Ann Loomis

Hi,

Shortening the time per Macky. Thank you.

Juliet

=====

Hi,

Here is the confirming appointment for this conference call. Participants are:

- EPA: Bob Sussman and Ira Leighton
- CT DEEP: Macky McCleary

Please let me know immediately if I missed any participant so I can update this appointment. Thank you.

Juliet Bryan-Powell
Administrative Assistant
Office of Deputy Commissioner Macky McCleary

As mentioned on our recent weekly mountaintop mining weekly calls, please hold Tuesday, May 7 for our full-day mountaintop mining meeting for HQ and Regional participants. We will be circulating an updated draft of the agenda with the group by email shortly, and we'll post final versions of the agenda and read-ahead materials to this invitation when they're ready.

UPDATE, MAY 6: Final materials for tomorrow's meeting are attached below, and were also sent to the group by Greg Peck earlier this afternoon.

NOTE: We're sending this invitation as a placeholder, not as an expectation that all participants would participate for the full meeting. Stay tuned for the updated agenda, which will help prioritize everyone's participation, and will clarify sessions that will be of greatest interest to senior policy managers.

Remote Participants: Please send Matt (b) (6) details on the videoconferencing unit you'll be using for this meeting, so that we can ensure effective remote participation in light of our constrained travel situation.

Finally, please forward to any additional appropriate people that aren't included here.

Contact: Matt Klasen (202-566-0780)

Draft FINAL Agenda for May 7 MTM Meeting - Welcome; Discuss Goals and Objectives for the Day -- TBD

11:00 AM - 12:00 PM

AO Skills Marketplace Pilot Program Information Session -- 3530 ARN

When: Tuesday, May 07, 2013 11:00 AM-12:00 PM (GMT-05:00) Eastern Time (US & Canada).

Where: 3530 ARN

Note: The GMT offset above does not reflect daylight saving time adjustments.

~~*~*~*~*~*~*~*~*

Hello Everyone –Within the next few weeks, the Office of the Administrator and our ‘pilot’ partner EPA organizations are expecting to be able to launch the One EPA Skills Marketplace and Virtual Collaboration Pilot Program, which is part of EPA’s One Great Place to Work campaign. This six-month pilot program will offer a number of unique opportunities for you to expand your professional development experiences as well as help managers in the participating organizations to better accomplish our important work.

The Skills Marketplace Program encourages employees to participate in short-term projects outside of their "home" office as well as within AO for up to 20 percent of their time over the duration of the project. **The offices participating in this initial pilot include: AO, the Office of Water (OW), Office of Solid Waste and Emergency Response (OSWER), the Office of Administration and Resources Management (OARM), Region 6, Region 7, and Region 8.** Staff within any of these organizations can participate in projects across the participating offices.

In preparation for the launch, a portal is being developed for managers to post project opportunities and for employees to view and apply to ones that fit their skills and professional development goals. After completion of the pilot, we will conduct a thorough evaluation of the pilot and make adjustments with the goal of making this program available to everyone in the Agency. For more information about the program: <http://intranet.epa.gov/skillsmarketplace>.

Available Information Sessions for AO Employees: If you are interested in learning more about this exciting program, please consider attending one of the upcoming informational sessions. At this session, you will be given an overview of the program, you will learn about the kinds of projects which are going to be made available, be guided through the application process, and be given the opportunity to ask questions about the program.

- **Session A – Tuesday, May 7, 11 a.m. to 12 noon.**
- **Session B – Wednesday, May 8, 11 a.m. to 12 noon.**

Each session will be held in Room 3530 ARN. There is no need to register in advance. On behalf of the AO’s Skills Marketplace Workgroup, I will be sending a meeting invite to everyone for each of these sessions.

If you have any questions, please be in contact with any of the members of AO’s Skills Marketplace Workgroup:

Diane Bazzle, OES, 202-564-0396, Senior Champion for AO

Brian Twillman, OES, 202-564-5948, Program Coordinator for AO

10:30 AM - 11:30 AM

Meeting with CLUB 20 (Colorado) -- Capitol Visitor Center Senate wing room 215

CLUB 20, a coalition of individuals, businesses, associations, and local governments with members from 22 counties West of the Continental Divide in Colorado, has requested a meeting with EPA to discuss upcoming Agency actions that may impact their local communities. They will be bringing 30 civic leaders, including 3 county commissioners, 1 city rep, 2 conservation district reps, and other associations and business leaders. A list of the participants' affiliations is attached.

They're generally interested in water issues surrounding natural resource development (coal, oil, natural gas, etc.) and upcoming water regs- they want to know what to look out for and how Western Colorado can work with EPA.

The meeting will start with a 10-15 minute update on recent and upcoming actions from EPA and then will be opened up to a roundtable format.

Additional information to follow.

Pre-Steering Committee Meeting -- ARN, call-in TBD

Agenda—pre-Steering Committee Meeting (updated attachments)

Goals: to come to an internal consensus on these items and either add (last minute) to Monday's Steering Committee agenda or to a future agenda.

1. Outreach plan and maintenance of the stakeholder database, there are a number of questions: Is EPA prepared to maintain and populate this database over time? Who would do that? Will EPA be responsible for distribution of all committee information to the stakeholders or will this be accessible to all agencies? See attached screenshot of the database plus a request for the other agencies to add stakeholders.
2. HHS on the technical team and the chapter on Effects on Human Health and Communities—is this still part of the Research Plan?
3. Summary and edits from HHS (waiting for a reply from Sandra Howard)
4. UCS forum in July and request for EPA participation: the contacts provided more answers to questions, see attached.

HOLD: IOGCC Planning Meeting [Conference Call]

This will be a coordination call to discuss the upcoming IOGCC meeting in Alabama. A pre-brief is scheduled for Thursday to review issue papers and specific materials.

Ron Curry will be calling in from New Mexico.

12:00 PM - 12:45 PM

Meet w/Lisa Evans, Earthjustice -- DCRoomWest4144GCIVTCPolycom/DC-CCW-OSWER request a meeting with Assistant Administrator Stanislaus on May 14, preferably at 11 or 11:30 am on the issue of coal ash, on behalf of the Clean Air Ambassadors.

In 2011, Earthjustice partnered with the National Council of Churches, American Nurses Association, Physicians for Social Responsibility, and the Hip Hop Caucus for an event called 50 States United for Health Air. Last May, we organized a meeting with the Administrator and top agency officials and our Clean Air Ambassadors. This year, we've retained our original partners and added the National Latino Coalition on Climate and the NAACP to the coalition. We would welcome a chance to meet with Mathy to discuss coal ash. We anticipate the participation of citizens and experts knowledgeable about coal ash from many states, as well as representatives from the above-named groups. I estimate the size of the group would be approximately 20.

Thank you in advance for your consideration of this request. If you have any questions, please don't hesitate to call.

Sincerely,

Lisa Evans

Senior Administrative Counsel

~~*~*~*~*~*~*~*~*

SCIENTIFIC INTEGRITY ANNUAL LISTENING SESSION

Chair: Dr. Glenn Paulson, EPA Science Advisor

Date: Tuesday, June 25, 2013

Time: 4:00 to 4:45 ET (45 minutes)

Room Location at EPA Headquarters: RRB, Conference Room 51161

Call In Number: (b) (6)

Access Code: (b) (6)

Agenda

Attendees: EPA RAs, AAs, Scientific Integrity Committee

Introductory Remarks (5 minutes, to 4:05)

Lead: Chair, Glenn Paulson, Interim Scientific Integrity Official

- Welcome

1. Synopsis of Comments Received in Sessions A through C (10 minutes, to 4:15)

Lead: Anand Mudambi, Office of the Science Advisor

Objective: Summarize previous listening sessions

2. EPA AAs and RAs (15 minutes, to 4:30)

Lead: EPA RAs and AAs

Objective: Input from EPA offices

3. Open Discussion (10 minutes, to 4:40)

Lead: Glenn Paulson

Objective: Discussion with the RAs and AAs

4. Closing Remarks (5 minutes, to 4:45)

Lead: Glenn Paulson

Objective: Closing remarks and adjourn meeting

You are cordially invited to engage in a conversation with the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Committee on Tuesday, June 25, 2013. The Agency's ability to pursue its mission to protect human health and the environment depends upon the integrity of the science on which it relies. In February 2012, EPA published its Scientific Integrity Policy, which, among other things, established an Agency Scientific Integrity Official to champion scientific integrity throughout the Agency. The Scientific Integrity Official chairs the Scientific Integrity Committee, which consists of Deputy Scientific Integrity Officials representing each EPA Program Office and Region. These senior-level employees provide oversight for the implementation of the Scientific Integrity Policy at the EPA.

June 25, 2013 Continued

Tuesday

You or your designee are invited to join us at this meeting on scientific integrity at the EPA. Some questions for you to consider as you develop your discussion points are included below.

Also attached are a draft outline of EPA's annual report on scientific integrity and a copy of EPA's Scientific Integrity Policy.

Background document attached on June 19th:

4:00 PM – 4:45 PM ET

Questions

i. What should be the Scientific Integrity Committee's main areas of focus during the next fiscal year?

ii. Do you have any suggestions or anything that you would like to discuss with us regarding scientific integrity?
